2. Natalie Wells-Tibbs: (562) 322-8271

OUR MISSION

The mission of EBB Brilliant Innovations Tour - 2019 is to address the challenge and lack of resources to connect low-income students to the vocabulary and tools of the innovation economy.

Estella's Brilliant Bus provides a mobile instructional technology and training system that creates opportunities for self-paced educational learning. We employ this educational tool primarily in under-served and under resourced areas with two primary goals: (1) 'empowering' children and their families with life-long learning skills, and (2) providing access to instructional "learning" technology while partnering with community agencies and educational stakeholders.

Check-in:

City & State: West Palm Beach to Sanford, Florida, Winter Park, Florida
